- Special Leaflet Devoted to RNPULOG

1. Fully realizing that two special leaflets on the Apple Group have been proposed by Headquarters, one of which has already been dropped, we wish to suggest for your consideration that a third leaflet devoted entirely to RNPULOG be printed and dropped into Albania.

2. Insofar as the essence of the first leaflet was that the Apple group would never be forgotten, and the second leaflet more of an obituary, this newly-proposed leaflet would attempt to elevate RNPULOG to the role of a martyr — the personification of courage and fearlessness, qualities much admired and respected by Albanians. Since RNPULOG has been a thorn in the side of Communism in Albania for years, and for the same reasons is well known, this proposed leaflet would be an attempt to exploit these factors to counteract to some extent the effects of his execution as a common criminal and murderer.

3. Headquarters will appreciate Field's views on the advisability of such a leaflet and any comments you wish to make on the effect a leaflet of this type would have on the Albanian population.
